Last Date of Full Paper
Submission: 25.02.2023

Main Theme

Being the heart of the institution, an Academic Library plays a pivotal role to impart quality education for smooth continuation of teaching, learning and research process. The evolution in the field of modern Information & Communication Technology (ICT) has affected greatly to adopt current situation and change according to the need of the hour. The fast pace of technological advancements in today's life has invariably brought about changes in Academic Libraries. Thus in this backdrop of cutting edge technology and digitization, library system still retains its significance in the field of advancement of knowledge. Now-a-days, information is more accessible to people with advanced technology and libraries of course owe its dynamism to the relentless endeavor of the staff who work day and night to bring the best facilities to its users. It is our earnest hope that this state level seminar shall be able to bring forth the relevance of library to all education enthusiasts.
